

Hartford Velocity Fastpitch is a non-profit, competitive, traveling tournament organization for young ladies. We rely heavily on fundraising, donations and sponsorships to continue to offer families lower, reasonable fees and year round training for our teams. Our mission is to work in a positive, respectful training environment, teaching girls ages 8-18 years to play at a select level and prepare these girls for high school level softball and beyond. Our goal is to

develop players and enhance individual growth. Each level offers new skills and we consistently solidify those skills previously learned. We maximize a player's unrealized capabilities to their fullest potential on and off the field. Our club and coaches focus on building future leaders with equal opportunities. We continuously improve individual goals while building teams that thrive on teamwork. Each player gains the opportunity for new friendships with players and coaches which can last a lifetime. Through the highs and lows; the wins and the losses; we teach these young ladies how to show grace and integrity. We teach them to be competitive, but respectful, in the game of softball, which then follows them throughout life. They learn how to take direction, listen to their coaches and peers, as well as work hard and productively. We provide our players with the tools to build their confidence to ignite their passions for the game of softball, and to conquer their lifelong goals.
